

Dear Kandalore Community,

It has been an honour and a privilege to have been Camp Kandalore's owners and stewards since 1988.

From the outset, we have viewed Kandalore as more than a business, with our primary responsibility always being to preserve and enhance the strength and permanence of Camp Kandalore. As we approached 35 years of ownership, we dedicated attention to planning for succession, and ensuring Kandalore continues to thrive, helmed by a passionate and devoted owner that shares our core values. We wanted to ensure the next generation of Kandalore leadership is committed — and able — to make a positive and lasting commitment to the Camp's advancement and sustainability.

To that end, we are delighted to announce that as of February 1, 2023, Appleby College, one of Canada's leading independent schools located in Oakville, Ontario, has assumed ownership of Kandalore. We cannot imagine a better successor. Appleby has a long-standing commitment to outdoor and experiential education. Its values are aligned with those of Kandalore. It possesses the capacity and desire to advance Kandalore's current vision and mission, to upgrade its facilities and programs, and most importantly, to protect its precious culture.

Jackie Pye and the Kandalore leadership team will continue leading Kandalore's summer and outdoor education programs. We will lend our support to Appleby and Jackie throughout the transition period, making it as smooth and seamless as possible.

Over these many years, we have been the lucky ones: to have provided the opportunity for countless young people to experience Kandalore in so many positive and transformative ways; to have received such loyal and energized support from staff, parents and alumni, and now, to pass on the torch to an organization that possesses the resources and enthusiasm to build further upon Kandalore's inspired vision to be "the finest traditional camp in Canada, providing the best of both canoe tripping and in-camp activities."

We bid our farewells with every confidence that Kandalore's future will be brighter than ever.

Sincerely,

David Hadden
